Lutheran Library for the Blind, Lutheran Braille Workers

Lutheran Library for the Blind is the largest Christian lending library in the world and has been serving patrons since 1939. Since the merger of Lutheran Braille Workers with the Lutheran Blind Mission in 2012, the library has been moved from St Louis to Holy Cross Lutheran Church in Jacksonville. The library provides Christian materials in braille, large print, and audio bringing the Light of the Gospel that shines into their dark world. Funds would be used to replace old books, produce more books in braille, large print and audio recording.

Prayer

Dear Lord and Savior, You have sent workers forth to put Your Word in people’s hearts. We thank and praise You for those who labor at Lutheran Library for the Blind. We pray that our gift of $5,000 is used to Your glory in bringing the Good News to those who live in physical darkness. May Your light shine brightly for all those served by this library. Amen.
